INTERNATIONAL LANGUAGE CAMPS

Summer 2027 Brochure

LIVE THE LANGUAGE!

Experience an unforgettable summer with International Language Camps!

ABOUT US

OVER 30 YEARS OF LEARNING, ADVENTURE & FRIENDSHIPS

Since 1996, International Language Camps has been creating much more than summer holidays in the French Alps.
Our camps are built around a simple belief: **children learn and grow best when they are actively involved in their own experience.**
Here, language learning goes beyond the classroom. Through adventures, games, challenges, projects and everyday life, campers are encouraged to communicate, make decisions, solve problems, work as a team and step outside their comfort zone.
Every child is unique. That is why we create a supportive, international and caring environment where they can progress at their own pace, try new things, build confidence and become more independent.
Because play is not just about having fun.
It is one of the most powerful ways to learn, connect and grow.

For more than three decades, children and teenagers from around the world have come to Megève to learn, explore, make friends and create memories that stay with them long after summer ends.

WHAT MAKES US UNIQUE

- **A Truly International Experience:** With around 50% French campers and 50% from around the world, ILC offers a truly multicultural environment. Children share languages, cultures and adventures, building friendships that cross borders and making international connections feel natural.
- **A New Theme, A New World to Explore**: Every year, our language programmes are designed around an exciting new theme that sparks curiosity and brings learning to life. Through games, creative projects and hands-on experiences, children discover new topics and develop their knowledge — having so much fun they almost forget they're learning in another language!
- **Learning Through Experience:** At ILC, learning doesn't only happen in a classroom. Through games, challenges, outdoor adventures and real-life situations, children learn by doing — making decisions, solving problems, communicating and working together.
- **Confidence, Independence & Teamwork:** We encourage every camper to try, contribute, speak up and gradually do more for themselves. In a supportive and stress-free environment, they build confidence, independence, curiosity and the ability to work as part of a team.
- **Parent-Friendly, Child-Centred:** Happy campers and reassured parents! From preparing for camp to staying in touch during the summer, our approachable team is here to guide and support families. Every child is welcomed into a safe, caring environment where they can feel at home.
- **Since 1996 — Over 30 Years of Experience:** For more than three decades, families from around the world have trusted International Language Camps. Our experienced teams combine high standards of care, safety and language learning with one essential ingredient: fun.

WHY FAMILIES CHOOSE ILC

01 LANGUAGE THAT COMES ALIVE

At ILC, languages are not just something children study — **they are something they live.** Depending on the programme, campers learn through small-group lessons or real-life language immersion, then naturally practise throughout the day with friends from around the world.

Games, challenges, activities and everyday conversations give language a real purpose: **to communicate, connect and share.**

02 A PREMIUM STAY IN THE HEART OF MEGÈVE

Residential campers stay in **a premium alpine hotel** in the heart of Megève, combining comfort, security and a warm atmosphere.

From accommodation and meals to daily supervision, every detail is carefully organised so children can feel at home, enjoy their independence and make the most of their camp experience.

03 MORE THAN ACTIVITIES: EXPERIENCES THAT HELP THEM GROW

Adventure is part of the fun — but it also has a purpose.

Through sports, outdoor challenges, creative projects and group experiences, campers are encouraged to **make decisions, solve problems, communicate, cooperate and try new things.**

In a supportive and stress-free environment, they develop confidence, curiosity, teamwork and independence — often without even realising how much they are learning.

04 SAFE, CARING & EXPERIENCED — SINCE 1996

For over 30 years, families from around the world have trusted International Language Camps.

Our experienced international team provides attentive, professional supervision throughout the stay, creating an environment where children feel **safe enough to explore, supported enough to try, and confident enough to become more independent.**

Because giving children more freedom should never mean giving them less care.

LANGUAGE.
ADVENTURE.
CONFIDENCE.
INDEPENDENCE.
FRIENDSHIPS.

FUN PROGRAM AGES 6-9

JUNE 27 – JULY 31, 2027

1 to 5 weeks

A joyful first camp experience filled with languages, discovery and new adventures.
In a warm and caring environment, young campers learn, play, explore and make friends from around the world — building confidence while having fun.

- **Morning:** Interactive and playful English or French classes, designed especially for young learners.
- **Afternoon:** Tree climbing, pony riding, swimming & water games, climbing, mini-golf and outdoor discovery activities.
- **Explore & Discover:** Cable-car hikes, nature walks, treasure hunts, olympiads and fun challenges that encourage curiosity and teamwork.
- **Evenings:** Team games, creative activities, camp traditions and plenty of time to laugh and enjoy being together.

Activities vary from week to week and may change depending on weather and availability.

ADRENALINE PROGRAM AGES 10-13

JUNE 27 – JULY 31, 2027

1 to 5 weeks

More adventure, more challenges and plenty of opportunities to grow.
Designed for active and curious campers, the Adrenaline Program combines language learning with exciting outdoor experiences, team challenges and new friendships.

- **Morning:** Interactive English or French lessons with games, role plays and practical communication activities.
- **Afternoon:** Rafting, climbing, canoeing, tree climbing, biathlon and water activities.
- **Challenge Yourself:** Orientation, survival workshops, team challenges, outdoor games and adventure missions designed to build confidence and teamwork.
- **Evenings:** Group games, creative activities, challenges and relaxed moments with friends from around the world.

Activities vary from week to week and may change depending on weather and availability.

New!

TEEN MOUNTAIN ADVENTURE AGES 14-17

JUNE 27 – JULY 31, 2027

1 to 5 weeks

MORE FREEDOM. MORE RESPONSIBILITY. MORE CONFIDENCE.

Designed especially for teenagers, Teen Mountain Adventure is not a traditional language camp.
In a small international group, participants experience the French Alps through real-life **challenges, outdoor adventures and shared responsibilities.**
They use English and French naturally throughout the day — communicating, making decisions, solving problems and learning to rely more on themselves and each other.

- **Live the Language:** Real-life **English and French** through challenges, missions, activities and everyday conversations — not traditional classroom lessons.
- **Become More Independent:** Teens make choices, organise parts of their day, manage simple responsibilities and learn to find solutions together.
- **Real Alpine Adventures:** Mountain challenges, Chamonix, horseback riding, canyoning, lakes, team missions and a memorable overnight bivouac in the mountains.
- **Grow Through Experience - Leadership:** Confidence, teamwork, communication, initiative and problem-solving are developed naturally through everything they experience.
